PECOS LIGHT PLANT TO INCREASE ITS CAPACITY

Extensive Improvements Will Be Made on Bruce Ranch Near Pecos.

Pecos, Texas, Oct. 7.—The managers of the Pecos Light & Ice company have decided to enlarge their present plant to a sufficient capacity to meet the increasing needs of this city. It is understood that they have already gone into the market and purchased a new

Old Men Retired

Industrial Concerns will Engage Only Young Men.

HOW TO LOOK YOUNG IS A PROBLEM THAT CONFRONTS MILLIONS OF MEN.

In these days of strenuous competition, when dividends count for more than men, the man who retains his youth is the man who holds his job the longest.

That is why one of the most successful dermatologists in Paris has warned young men to take good care of the hair. If you grow bald at 30 or 35 or even when you are older, that bald spot will, so far as appearance goes, add 10 years to your life.

Men who have hair should by all means keep it. In later years it may mean a livelihood to yourself and family.

Dandruff means falling hair; falling hair means baldness. Stop falling hair and dandruff now. Go to Kelly & Pollard and get a large 50 cent bottle of Parisian Sage. They will guarantee it to stop falling hair; to drive out all dandruff and kill the dandruff germs, or money back.

Remember that the man with a bald head who seeks a position is handicapped at the start. Parisian Sage will make hair grow, will give it a lustre and appearance that denotes health and youthfulness. For sale by Kelly & Pollard and druggists everywhere. Girl with Auburn hair on every bottle.

The Brand of the Cattle

makes a difference in the quality of the meat. Good, healthy, well-fed stock provides meat that is tender and nourishing. We are noted for the exceptional qualities of our Beef, Pork, Veal, Mutton, Lamb and Poultry and we are convinced that one trial of any of these will make you a regular customer here, where qualities rule high and prices low.

Prime Rib Roast, per lb.	12 1/2c
Loin steak, per lb.	15c
Porterhouse and T-Bone steak	17 1/2c
Boiling Meat	06c
Leg Lamb	15c
Lamb chops	15c
Lamb stew	07c

THE PRESBYTERIANS MAY ESTABLISH SYNOD

Local Churches Are Too Far From San Antonio; Novel Plan for Altura.

That El Paso is the center of a west Texas presbytery, newly created, that Altura Park Presbyterians are going to build a church, and much other good news of the denomination was made known Thursday night at the first quarterly banquet of the Men's Brotherhood of the First Presbyterian church. Following a petition of the synod of Texas that El Paso be grafted onto the New Mexico synod, permission was given to organize a local presbytery in Texas.

At present this city is a part of the San Antonio district. The distance to the eastern city has caused many difficulties. The new district will include the First church of El Paso, the two local missions, and societies of Marfa, Port Davis, Big Springs and Sanderston. The mission board of New York city has offered a pastor at large to help in the organization of new parishes, and assisting the struggling ones. Rev. C. L. Overstreet, of this city, will be moderator of the new presbytery. A meeting of organization will be held December 6 in this city.

A novel plan of sentimental origin is being discussed for the building of a church structure at Altura Park, where a new society has been formed. Wrecking of the old Presbyterian church on Myrtle avenue, recently proposed by its owners, may result in employing the stones of the structure in building the new church in the El Paso suburbs. The first church brotherhood has long been interested in assisting the mission, and will help the members in the work.

At Thursday night's meeting of the brotherhood, women workers of the church served dinner to about 40 persons. Rev. F. J. Rice, of the First Christian church, guest of honor, presided. Officers were elected as follows: President, A. G. Foster; vice president, George Ferguson; secretary and treasurer, J. E. Wright; chairman of the hustlers' committee, A. H. Anderson; chairman of social committee, W. L. Gains.

Y. M. C. A. PLANS WEEKLY LUNCHEONS

With each member determined to find a new member, and with a daily luncheon at the Angelus cafe, a rendezvous of the Y. M. C. A. next week will employ a novel membership campaign. The plan was proposed Thursday night before 60 young men who dined at the Angelus cafe as guests of the association.

Many speakers told of the work of the organization, but it was E. M. Bray, chairman of the membership committee, who outlined the campaign. He urged each member to try and secure at least one new member, and to meet at luncheon each day. Such a simple plan is versus the committee system, where, it has been found, that a few do the work for the many.

Presiding over the meeting was J. H. Nations, president of the association. He told of the early days of El Paso as against the present, dwelling on the advantages to the young man of today. T. J. Jones, chairman of the social committee, urged action in the campaign and discussed the social features of the association, while J. J. Ayres of the educational committee dwelt on advantages of the night schools, citing a personal experience.

That western associations are superior in equipment to eastern ones, was the statement of H. B. Durkin, general secretary. He also declared that the material of committeemen was far better in the west, because of a general efficiency and determination of action found in a new country. Charts shown at the recent business men's luncheon were explained by George G. Helde, and Dr. H. E. Stevenson spoke briefly of the physical committee and of advantages in gymnasium work.

The daily luncheons will begin Monday. They will be held at noon sharp at the Angelus cafe.

TWO ARE KILLED IN GANG BATTLE

New York, N. Y., Oct. 7.—Two men were shot and killed and two others seriously wounded today when they were in a gang fight on 28th street and Broadway, on Sixth avenue. The police arrested 15 men and four women as witnesses.

Several men had run into the cafe and fired at a group of men and women gathered at one of the tables. The party evidently expected an attack for the men at the table immediately began to shoot back. Fully 50 shots were fired and then members of the attacking party fled. When the police arrived they found one man dead on the sidewalk, shot through the head, and another dead man was on the floor.

It's Always Bad

The Best of Backs Are Bad When They Ache, and El Paso People Know It. A bad back is always a bad thing. Bad at night when bedtime comes. Just as bad in the morning. Ever try Doan's Kidney Pills for it? Know they cure backache—cure every kidney ill?

If you don't some El Paso people do. Read a case of it: Mrs. H. L. Packard, 611 Texas street, El Paso, Tex., says: "Doan's Kidney Pills have been used in our home for over a year and their merit has been amply proven. This person having occasion to take this remedy complained of a pain in the small of the back and right side and at times the suffering was so acute that it was almost impossible for the patient to turn in bed. As soon as the use of Doan's Kidney Pills, procured at Kelly & Pollard's Drug Store, was begun, the patient's condition improved and there has been but little trouble since. I highly recommend Doan's Kidney Pills to other kidney sufferers."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Who Are "They."

We all have a way of saying "they say" this or that of some person, or some thing and accepting it ourselves as authentic when someone says "they say" to us.

But if we stopped to inquire into the exact source of the information, either we would be unable to trace it back to anyone other than that elusive individual, "They Say," or we will find back of it the unkind gossip of some enemy.

And just because "they say" fails to put the blame of a falsehood on any one person's shoulders it really is the most dangerous of statements and one of the hardest to refute.

So let us beware of believing "they say" stories. Let us treat lightly all gossip introduced by the words "they say." Or if this gossip makes us suspicious of its object—and it is natural and human that it should at times—let us suspend judgment until we know. In other words, let us do the object of "they say" the justice to investigate until we find someone who is in a position from actual knowledge and whom we can trust, to make a positive statement over his own name as to the truth or falsity of the "they say" story.

The writer has been led to pen this little lesson in practical fairness by reading a little book issued by the Coca-Cola Company, of Atlanta, Ga., entitled "The Truth About Coca-Cola." That truly delicious and wholesome beverage has for so long been the subject of "they say" stories in which all manner of untrue and detrimental things about Coca-Cola have been circulated that the manufacturers have been forced to issue their book giving authentic information about this beverage. And the information therein contained does not rest its case on any "they say" statements, but bases its arguments on analyses and statements of chemists and scientists occupying the highest positions in America.

This is the most interesting book—a fine study in dignity in refuting falsehoods—and a book of information that all should read. You will find it well worth your while to write and ask the Coca-Cola Company, Atlanta, Ga., to send you a free copy.

PREFER TO STAY IN PRISON FOR AWHILE
Conductor and Motorman of Wrecked Car Refuse Proffered Bond.

Springfield, Ill., Oct. 7.—Believing themselves safer in custody than free and exposed to the prejudices of those who blame them for the suburban wreck horror at Stanton, Ill., in which 37 passengers were killed Tuesday night, motorman Lierman and conductor Leonard have refused to accept release on bond offered by their friends.

While there is no such feeling against the men as to cause apprehension, the prisoners themselves said they preferred to remain in custody. They were arraigned at Carlinville and held for alleged criminal negligence. The evidence indicated that they ignored train orders.

ROOSEVELT STARTS ON SOUTHERN TRIP
Will Occupy Nine Days and Cover 3294 Miles on the Tour.

New York, N. Y., Oct. 7.—Col. Theodore Roosevelt left yesterday afternoon on his southern trip, which is to extend over nine days and cover 3294 miles. He is to go directly to Atlanta, then turn westward to Hot Springs, Ark. From there he will go north into Illinois and Indiana, thence back to New York, where he is due Friday night of next week.

CARLSBAD PREPARES TO ENTERTAIN THE ENGINEERS
Will Be Taken Through Valley in Autos and Given Smoker by Commercial Club.

Carlsbad, N. M., Oct. 7.—At a meeting of the Pecos Valley Users association, held in the office of the secretary, A. M. Hove, arrangements were perfected for the entertainment of the board of army engineers which is expected to visit the Carlsbad project between the 15th and 20th of the present month. As has been announced in The Herald, they are expected to visit El Paso about the 15th and come to the Pecos valley from there. As it is not known at this time whether they will come by way of Pecos or Roswell, definite plans for the meeting have not as yet been perfected. A committee composed of Secretary Hove, J. Boyd Allen and W. B. Wilson was appointed to meet the board at either of the above named places and escort them to this city. In the event they come the southern route they will be met at Pecos and will leave the train either at Loving or Malaga and be taken in automobiles to the elegant country home of P. J. McShane, where a picnic lunch will be served and a general reception tendered to them by the farmers, their wives and children of the lower valley. They will then be brought to Carlsbad in autos, visiting the farms and alfalfa fields of the valley, and given a reception and an informal smoker in the parlors of the Commercial club, in the evening. The next day will be devoted to visiting the dams, flume and pressure tanks, of the project. The short time which they will be here precludes any elaborate demonstration on the part of the citizens of the town or valley.

Barnett Inspects Farm.
Chester J. Barnett, one of the "men-higher-up" in the employ of the government in the construction of the Panama canal, accompanied by his wife, visited Carlsbad this week looking after his farm, which he purchased last spring, under the Carlsbad project. He expressed himself as being well pleased with the conditions here and the prospects for one of the finest farming sections of any place in the west. He arranged for the planting of crops and the care of same here for the coming season, during his sojourn in the tropics.

Orders New Fire Hydrants.
The city council here had the extension of fire protection under advisement for some time and at their recent meeting ordered the installation of several new fire hydrants and the change of location of others which will insure to the citizens of the town better fire protection.

Personal Mention.
Mrs. H. A. Jones, of Denton, Texas, is visiting with the family of her sister, Mrs. J. F. Joyce, in this city.

W. H. Mullane, W. G. Woerner and Dr. A. A. Bear are in Albuquerque this week attending the grand council of the Improved Order of Redmen.

The court officers are authority for the statement that the present session of court has attracted more people to the town than the present session of the grand jury has attracted elsewhere. Yes, two to one.

Farmers Get Good Returns.
The farmers of the valley who ship-

No. 2 SATURDAY 5 O'CLOCK SALE

The ladies who attended our initial 5 o'clock sale last Saturday were surprised and rewarded with values such as have never before been offered in El Paso. We also were surprised at the demand for the advertised specials. While we knew we were offering exceptional values and anticipated a brisk response, it by far exceeded our fondest expectations. These specials for tomorrow are equally as good as those of last Saturday. Read them over carefully and come in tomorrow after 5 p. m. and see for yourself that they are exactly as advertised.

THE SWINE OR THE FLOWER?
Ah me! I saw a huge and loathsome sty, wherein a drove of wallowing swine were barred, Whose banquet shocked the nostril and the eye; Then spoke a voice, "Behold the source of lard!" I fled, and saw a field that seemed at first One glistening mass of roses pure and white, With dewy buds 'mid dark green foliage nursed; And, as I lingered o'er the lovely sight, The summer breeze, that cooled that Southern scene, Whispered, "Behold the source of COTTOLENE!"

PRISON CONGRESS FAVORS INDETERMINATE SENTENCES
Washington, D. C., Oct. 7.—After opposing for 20 years the efforts of American criminologists to induce the International Prison congress to endorse the indeterminate sentence, the European members of the congress today yielded and resolutions advocating this system were adopted.

The resolutions declared that the indeterminate sentence should be applied to the mentally and morally defective and that it also should be applied "as an important part of the reformatory system, to criminals, particularly young delinquents, who require reformation and whose offences are due mainly to circumstances of an individual character."

The foreign delegates are said to have been won over by observing the successful application of the plan during their 10 days' tour of the country.

The MIRROR'S STORY OF YOUR HAIR
Is it faded, lifeless and full of dandruff? HAY'S HAIR HEALTH never fails to RESTORE those GRAY or FADED HAIRS to their NATURAL COLOR and beauty.
